

Sponsorship

 I am currently 18 years old. I think you should sponsor me for my adoption because I'm so committed to have my own service animal. First off I love animals to begin with. I currently take a veterinary assistant program at my high school. I'm about to earn my certified veterinary assistant certificate after the month of May. My internship is at an actual practice called Hartford Animal Hospital. As a side job I work at a retail place called Charming Charlie. In the fall of 2017 I also plan on going to the Delaware Valley University to get my bachelors degree in Animal Science. Also, I do plan on taking my fur baby to college with me. With all these stressful yet exciting events going on it is affecting my Anxiety for bad. My doctor and I thought it would be great to have a serious dog by my side to help me instead of relying on medicine! Therefore, any type of sponsorship I can get to help the ease of me paying for my service animal would be great. Not only am I committed to having my animal, but also to make this process as positive as possible for my family and I.

Thank You!
